 A little boy in Woodford county got into trouble with a school-fellow the other day and agreed with him to have it "out" before school next morning. Amen."—*Louisville Courier-Journal.*

**A DOCTOR'S DISCOVERY.**  
 Dr. Brown, of David City, Neb., Finds a Medicine of Rare Virtues.  
 He First Cures Himself With It, and then Prescribes It for His Patients With Gratifying Results.  
 (From the Lincoln, Neb., Call.)  
 Many of the citizens of David City, in this State, believe that the days of miracles are not passed.  
 Dr. Samuel L. Brown, a pioneer resident of David City, having lived there for twenty years, is well known all over Butler county, having practiced medicine in every part. It is his recovery from a very serious disease that is looked upon as a miracle. When visited by a *Call* reporter, Dr. Brown gladly related the history of his sickness and his final cure.  
 "I have a hearty appetite now, which is in great contrast to that of a short time ago. This will be my first step into the field of a personal interview, but I am so enthusiastic over my recovery that I feel like conducting a regular experience meeting. I have been troubled with different sick spells for twenty years, these attacks rendering me quite weak, and in the right condition for the severer troubles that afterward came upon me.  
 "Six or seven years ago partial paralysis set in upon my left side, and I soon became afflicted by kindred ailments. The pension I received my trouble to be partial paralysis of left side, various veins of both legs, and left varicose. I was also troubled with Diabetes. I became entirely unable to perform manual labor, and I gave up the larger part of my practice. I could hardly move about by the use of crutches and cane. I tried every medicine that I ever heard of in endeavoring to relieve my suffering. Patent medicines as well as local prescriptions were examined in the search for my resuscitating health.  
 "About a year ago I read an advertisement of a medicine called Dr. Williams' Pink Pills in the *National Tribune*, of Washington, D. C. They seemed to fit my case, so I sent for the samples that I sent for more, as they acted directly in harmony with nature. Those are the things I look for in treating diseases. I give my patient remedies, not medicines. I used a number of boxes of the pills, and I am now entirely relieved of all my several ailments, and am able to move about once more, without being hampered with crutches and cane.  
 "Even at my mature age I again do some practicing, and always use Pink Pills where the diagnosis of the case favors them.  
 "I now have a remarkable case at Brainard, which I am treating. Augustus Taltel, the postmaster at Brainard, was suffering from diabetes and insipidities, and was in the first stages of Bright's disease. The doctors had failed to give him any relief when I was called and took charge of the case. All hopes of his recovery had been given up and his wife did not expect him to live three weeks. He is now on the road to complete recovery. The bright's disease was headed off, and the other ailments overwhelmed. A happier family can not now be found than that of Postmaster Taltel, of Brainard."  
 Dr. Brown made the following allusion to his remarkable cure before a prominent notary.  
 Dr. Samuel L. Brown, being first duly sworn, states the above facts are true.  
 (Signed)  
 Dr. Samuel L. Brown.  
 Sworn to and subscribed to before me this seventh day of September, A. D. 1903, at David City, Neb.  
 (Signed) E. S. TRACY, Notary Public.  
 Dr. Williams' Pink Pills for Pale People without doubt mark the beginning of a more healthful era. They were first compounded by an eminent practitioner, and used as a prescription for many years in general practice with almost incredible success. They are now given to the public as an unfailing blood builder and nerve restorer, curing all forms of weakness arising from a watery condition of the blood or shattered nerves, two fruitful causes of almost every ill that flesh is heir to. These pills are also a specific for the troubles peculiar to females, such as suppurations, all forms of weakness, chronic constipation, bearing down pains, etc., and in the case of men any ailment that makes a man feel a permanent cure in all cases arising from mental worry, overwork or excesses of whatever nature. The pills are sold by all dealers, or will be sent postpaid on receipt of price (50 cents a box, or six boxes for \$2.50—they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y., or Brackville, Ontario.

**WORLD'S FAIR ART PORTFOLIOS**  
 Almost everyone has taken up some coupon scheme by which they have procured a set of World's Fair Art Portfolios, commemorative of the many interesting features of the greatest of the world's expositions.  
 The Fair is dead. Long live the Fair! Let us carry in our minds all "the glory that was of Greece and the grandeur that was of Rome" as we saw it in the days of its existence if we will, but when we are passed away what avails our recollections? Let us do better. Artists have captured all this fugitive splendor with trusty camera and practiced pencil, its landscapes and waterways, its exhibits and curiosities, are the result—and the very best result. It is the Fair over again for ourselves and our children and their children—to the end of time, if they but preserve it. Let us take the initial step and have the parts of the Art Portfolios bound, that none may be lost or injured.

## DOWN AN INCLINE.

Runaway Cars at Spencerville Last  
Night

Tore up a Section of Track and Did  
Considerable Amount of Damage

About 9 o'clock last night an ac-  
cident occurred on the C. & E. at  
Spencerville, and the main passing  
track at that place was badly torn up  
for a few hours.

There is a coal dock at Spencer-  
ville, on which the coal cars are run  
up a track on a very steep incline  
and unlaid into the dock. Last  
night the brakes on a couple of cars  
which had been left standing at the  
top of the incline, became released and  
started down the incline. When they  
reached the track below they were  
going at a good rate of speed,  
and ran through a switch that was  
thrown against them, they left  
the rails and tore up the passing  
track for some distance.

The derrick was sent over from  
this place to pick up the cars, and  
the section men summoned to the  
scene to repair the track.

Fortunately no one was in either  
of the cars or the result would have  
been more serious. No trains were  
delayed.

## RODE BLIND BAGGAGE

And Jumped Off in the Arms of De-  
fective Harley

Detective Harley who was out on  
duty at 11 o'clock last night, got  
off the train at Delphos, and saw a  
couple of fellows getting onto the  
front end of the baggage car pre-  
paratory to stealing a ride. Harley  
made them get off, but as the train  
started to move again he got on and  
remained there until the train arrived  
here when they jumped off directly  
into the arms of the detective who  
arrested them and took them to the  
police station, where they were  
locked up. One of the men was con-  
siderably intoxicated and called the  
detective some names that would not  
look well in print, but he went along  
just the same. The fellows gave  
their names as Martin and Wilson,  
and were arraigned before the Mayor  
this morning. They pleaded guilty  
to the charge of stealing a ride and  
were fined \$5 and costs each. Some  
friends came to their assistance and  
secured their release.
